

**Be part of one of Australia's largest independent, privately-owned audiology groups. With a proud history of over 30 years, we've enhanced the lives of more than 30,000 people through improved hearing and communication, and we'd love for you to help us continue.**

## **Join our team in Bellerive, Tasmania**

### **The Team**

Helix hearing is an independent and privately-owned audiology clinic specialising in diagnostics for all ages, rehabilitation and tinnitus management for adults.

We operate 8 clinics in Gippsland, 2 in metro Melbourne and 1 in Hobart, Tasmania, employing an experienced and enthusiastic group of audiologists that are passionate about their work and focussed on delivering the highest level of patient-centered care and outcomes.

### **The Opportunity**

Established over 30 years ago, our values and our never-ending pursuit of perfect patient care has laid the foundation for our continued growth.

There is a fantastic opportunity for an experienced audiologist to join our professional and dedicated team in Bellerive, Hobart.

This thriving clinic is purpose-built, no visiting sites or lugging equipment required!

### **The Offer**

We would be thrilled to add your dedication and experience to our team. As part of our close-knit team you can expect:

- A full-time position, but flexible for part-time for the right candidate
- A varied and rewarding clinical case load, from paediatrics to adults.
- An attractive remuneration package.
- Ongoing dedicated training with generous yearly sponsorship and leave for conferences, in addition to in-house conference.
- Autonomy in product selection to best meet the needs of your patient.
- No sales targets.
- Work alongside experienced clinicians and administration support staff.

Please apply by expressing your interest and sending your CV to our Clinical Director, Meg Miklosvary, at [meg.miklosvary@easternaudiology.com.au](mailto:meg.miklosvary@easternaudiology.com.au) or call Meg on 0438 589 952 for a confidential discussion.

The successful applicant will be an accredited audiologist with Audiology Australia or the Australian College of Audiology. This position is not ideally suited to a new graduate.
