

Senior Audiologist

Jervis Bay Hearing centre is Cochlear Implant and Hearing wellness Centre of Excellence.

If you are an experienced Audiologist looking a long term position in a stunning location with a supportive and experienced team then we have a great opportunity for you. Due to the growth and success of our hearing centres we are seeking a motivated person to take a leadership role with our clinical services as Senior Audiologist.

Would you like to;

BE an integral part of a clinical team who value quality and service in a well-supported environment with great staff, systems and processes.

Deliver services which include paediatrics, cochlear and BAHA implants, Tinnitus + hyperacusis retraining therapies and hearing rehabilitation programs.

Work in a fully integrated clinic, purpose built facilities with support for continuing education, generous remuneration, flexibility (PT/FT). We offer client focused solutions and no sales targets or commissions.

You will be a Member of Audiology Australia with a current Clinical certificate and have several years experience as a rehabilitation Audiologist. Cochlear implant experience is highly desirable.

This position offers both lifestyle and professional challenge. *located 2.5 hours from Sydney and Canberra, we operate from purpose built premises in Vincentia and Ulladulla, NSW.*

This diverse role offers a variety of challenges and the opportunity to take a leadership role both in the centre and as part of the local community. Our ideal candidate will have a commitment becoming a crucial member of the team with a long term vision to support the future growth of the hearing centres based in Vincentia and Ulladulla. We are seeking an experienced audiologist with a strong clinical background.

If you would like to know more and to submit your application in confidence and privacy, please contact me directly the details below. I look forward to hearing from you. Please submit your application by 16.8.21.
